

## HOW TO Access Bar Charts for All Areas

Access Bar Charts for all areas from “Data, Charts and Maps” tab.

Data, Charts and Maps page

1. Select Data, Charts and Maps tab

2. Select scale of data

The screenshot shows the OCHPP website interface. The navigation menu includes Home, About Us, Data, Charts and Maps, Resources, and Related Projects. The 'Data, Charts and Maps' tab is selected. Below the navigation, there are filters for 'Select Geographic Unit' (City of Toronto, OH Central, etc.) and 'Select Attributed Population' (Ontario Health Teams). The main content area is titled 'Data — Neighbourhoods in City of Toronto' and has sub-tabs for 'Data, Charts and Maps', 'Create Custom Geography', 'Interactive Maps', and 'Data Archives'. A table lists various data topic categories with links to Tables, Charts, and Maps. A red arrow points to the 'Charts' column for the 'Population Characteristics' row.
